

Learner Notification-Landing Page

Activity Title: EMBLLM
Format: Enduring Material
Release Date: August 1, 2026
Expiration Date: July 31, 2027
Target Audience: Physicians
Method of Participation: Answer up-to-date quiz banks from recently published peer-reviewed scientific papers
Medium: Web Application

Activity Description:

This non-clinical educational course addresses information overload in emergency medicine by helping clinicians stay current with high-impact research. Using a practical multiple-choice format followed by in-depth answer keys, the activity enables learners to self-assess their knowledge and receive immediate, evidence-based feedback. This efficient design bridges the discrepancy between new clinical evidence and daily practice, ensuring you can make time-sensitive decisions that improve patient outcomes.

Objectives - After Attending This Program You Should Be Able To

1. Recall the primary outcomes and clinical conclusions of recently published, practice-changing studies relevant to emergency medicine.
2. Differentiate between clinical recommendations based on high-level evidence versus those based on expert opinion or lower-level evidence presented within the referenced literature.
3. Formulate an evidence-based diagnostic or therapeutic plan for a clinical vignette based on findings from the studies reviewed in the question bank.
4. Analyze the application of new clinical evidence to diverse patient populations, considering how social determinants of health may impact the implementation of these findings.
5. Critique their current practice patterns against the most recent evidence presented and identify specific opportunities for improvement.
6. Propose at least one specific, measurable change to their clinical practice informed by the evidence encountered during the learning activity.

CME Accreditation & Designation Information

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Scimple Education, LLC, and EMBLLM, LLC. Scimple Education, LLC is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scimple Education, LLC designates this Enduring Material for a maximum of 36.0 *AMA PRA Category 1 Credits™* for physicians. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

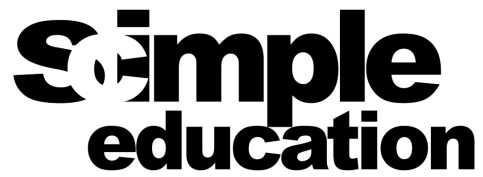

Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Disclosure of Financial Commercial Support

Commercial support is defined as monetary or in-kind contribution given by an ineligible organization to be used to pay all or part of the costs of a CME activity.

No commercial support was received for this activity.

**How to Get Your Certificate**

1. Complete the activity and evaluation component by the expiration date.
2. Your certificate will be emailed to you upon completion.
